

**WELCOME TO CHINWAG:
THE FUTURE OF
PERFORMANCE REVIEW.
PERSONALISED AND MADE SIMPLE.**

Why What We Do Doesn't Work...

- Most performance review processes are **not directly improving performance** in most organisations. You still have good people leaving, under-performers not improving, a lack of internal talent, concerning behaviours and pay/reward processes that are subjective or just don't feel fair
- **Most Managers already do regular informal 121s!** They *also* then have to do the more formal, 'appraisal' style process because that's **what HR wants to see, police and report on** – it's designed for them!
- The process is normally **one-size-fits-all** and the manager has to **compliantly follow every step** with every team member, and with the same frequency as opposed to a tailored approach
- **Managers don't have the time** to wade through lots of admin-heavy clicks, screens and paperwork
- They would rather have conversations without the need to then **waste time documenting everything** that was said as if collating 'legal evidence'.

.... And Another Thing

- Any performance review process needs to be straightforward enough that **the worst manager will want to do it** – your best managers are already doing the 'best practice'
- Online systems are full of 'shout outs', 'emojis', 'celebrating success' and 'feedback' gimmicks to justify their cost: **few people use or need them** because they already tell the person verbally or via email!
- **Ratings are pointless**, subjective and full of discontent – if they are there for reward calculation reasons then do the money bit another way
- Most performance/development **objectives are poorly worded**, full of buzzwords and euphemisms, are not result-focused and stretched over rigid 6 and 12 month periods. What does '*own X process*' or '*manage Y efficiently*' even mean? Do people always even need objectives?
- The typical process/system **doesn't address underperformance** early enough or have a direct focus on **retaining great people**
- TO SUMMARISE: SOMETHING SIMPLE HAS JUST BEEN **MADE TOO COMPLICATED!**

The Solution...

- Welcome to 'Chinwag': Merging 'formal' performance review with 'informal' 121s to give **Personalised, flexible 121s and performance reviews on an if and when needed basis** but still with a quality control mechanism. No more one-size-fits-all!
- It's not a 'bells and whistles', expensive online system, **it's just a different way of doing things day-to-day**. A plain-speaking focus on what people are achieving and how they are doing it.
- Our simple **'admin-lite' process is based on a prompts, not paperwork** approach across 365 days of the year: If you're happy with your team member's performance and they are happy with how things are going then the process you follow with them is different and quicker than with someone who may want/require more attention.
- **A different approach to objective-setting:** Move beyond the SMART cliché with our unique 'three triggers/five-step system'.
- A particular **focus on the best and worst performers** to retain great people, improve underperformance and reduce nasty surprises! Plus: How to link Chinwag to **pay/bonus** decisions.
